

Halloween In April

The world may have stopped
But it can't halt joy for good
What will life now bring?

Something that's brand new
A new take on tradition
Halloween in spring

It's innovation
Not an April Fool's Day joke
We've been brainstorming

Some uncertainty
Can spark creativity
Halloween in spring

Let's all celebrate
In a safe and healthy way
Social distancing

We can eat candy
Play multiple eerie songs
Halloween in spring

Dressing up is fun
More so when it's in the sun
Flowers are blooming

Life has changed for sure
But delight is in full swing
Halloween in spring

We've come together
Adapting with current times
Hope is now spreading

Everything's postponed
But we will never cancel
Halloween in spring
